

About Prayer

July 24, 2022

“Teach me to pray.” It’s an issue many of us have. We want our prayers to “sound good,” not only to others, but to ourselves and of course to God. And we want our prayers to be effective – when we pray to God above, we want to make sure he hears us and responds with a positive answer. An issue I found interesting, because when the disciples asked Jesus about how to pray, he gave them a quick formulaic prayer, but then spent the rest of the training time on that last question – how do we get God to listen?
